**New and Emerging
Innovations to Accelerate
SDG6 Implementation:
Utilitisation of Rural Services**

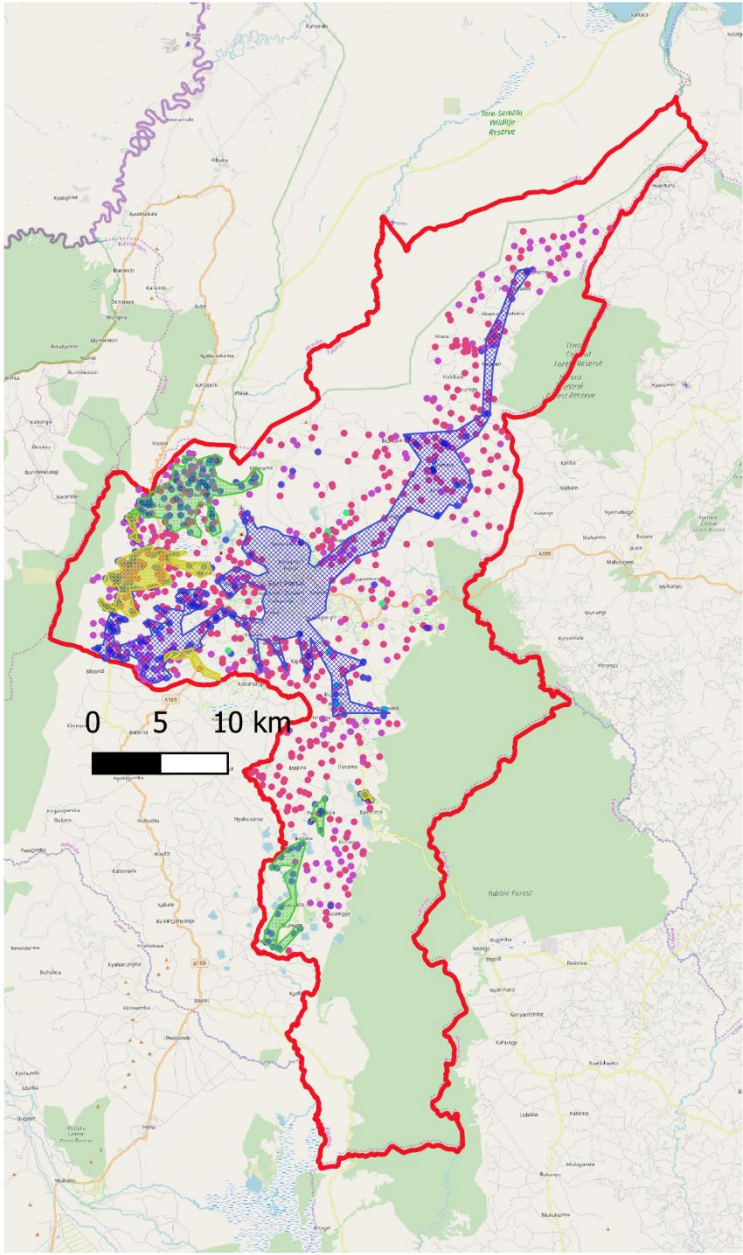

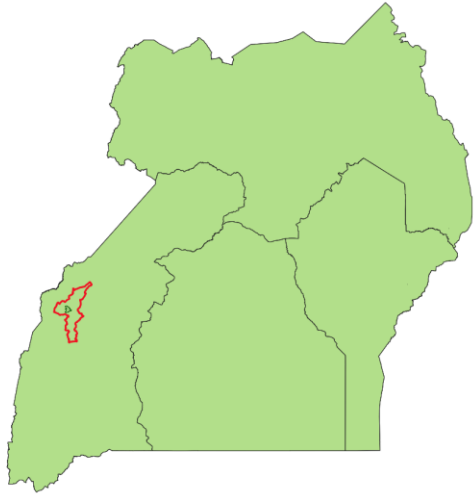

*Dr. Patrick Moriarty
Kampala, 24th February 2020*

Kabarole District - WASH master plan

Population: 250,632 people
Water coverage: 80-83%
Sanitation coverage: 84%

2019 Scheme Areas

-  NWSC
-  Umbrella
-  WSSB

A shared vision

Sanitation, hygiene and water for all, always and everywhere

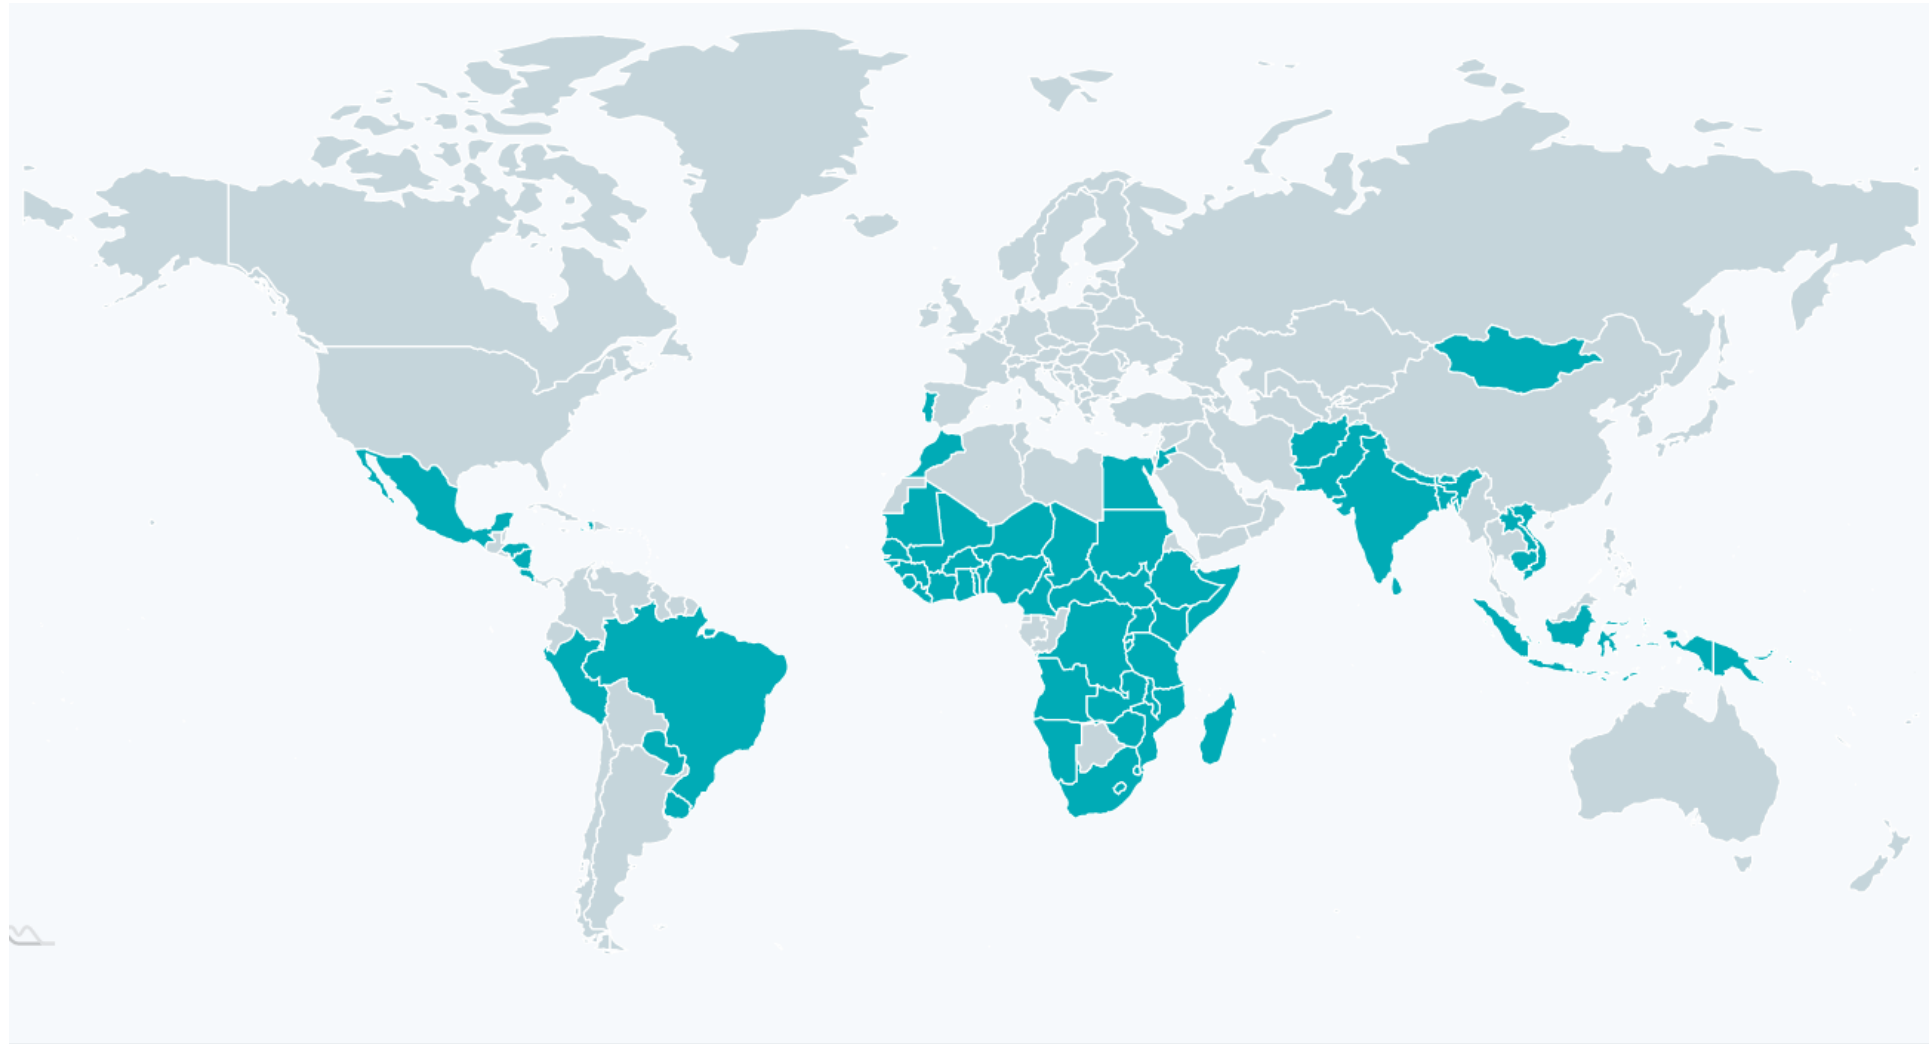

Assainissement, hygiène et eau pour tous, toujours et partout

Saneamento, água e higiene para todos, sempre e em toda a parte

Saneamiento, higiene y agua para todos, siempre y en todas partes

Over 250 partners; 68 governments

Strategic objectives

1. Build and sustain political will to prioritize the elimination of inequalities in water, sanitation and hygiene at all levels
2. Systematically use multi-stakeholder approaches to achieve water, sanitation and hygiene for all
3. Rally stakeholders to strengthen system performance and attract new investments

IRC

Supporting water sanitation
and hygiene services for life
